Full Day Game Drive in the Selous Reserve

Take hold of a 4x4 trip through the uncaged world of African Bush Elephants, Masai Lions, Leopards, Cape Buffalo, Warthog, Giraffe and Hyena. With the top off our vehicles chase the beating of hoofs, Wildebeest, Eland, Impala, Kudu, Waterbuck and Zebra across the dusty savannah. Train your camera to catch the secret land of the Selous, where Wild Dogs still roam. Our commitment to you, one family or paying individual/couple per safari vehicle, it's a matter of pride!

Evening River Boat Cruise

Venture into the sunset for a three-hour tour on the Rufiji river shared by Hippopotamus, Nile Crocodile and local fisherman. Catalogue the variety and vibrantly adorned tropical birds of our river region. Circle around a family of hippos before you stop on an island dune and enjoy a cold drink and a moment of repose as the sky lights with brilliant reds and oranges and the large scarlet sun dips into the river.

Guided Walking Safari

The Selous Game Reserve offers you a unique opportunity to venture back into the reserve on foot and make the most use of your twenty-four-hour park pass the morning after your Game Drive. With a park ranger as your guide you will tread the same paths as all of the wild things of the ancient continent, an intimate and thrilling look at the untamed bush and those that shape it.

African Village Expedition

Not much has changed in our village of Mloka since the days of Livingstone, Selous and the great explorers of time past. Few places in East Africa are so remote. Our local guide will take you through the dust streets of the village meeting people outside of their mud and stick homes, visiting the local market, passing colorfully dressed women toting water on their heads and babies on their backs. Photography is welcomed.

LET US PLAN AND HOST YOUR AFRICAN ADVENTURE. IF YOU COME ONLY ONCE, JOURNEY WITH US INTO AFRICA'S WILD AND AUTHENTIC HEART.

Take time while you are guests to visit our English School. Baker & Sons has built and supports a school teaching English to the local villagers. This allows our Swahili speaking neighbours to pursue higher education or secure employment, even at our safari camp. Just a quick walk up from your lodge, towards the village, on the edge of our property sits the school.

... From our family to yours.
